*Information updated by Emergency Management - 2016*
The Evacuation Assistance Program is for citizens of St. Johns County who need sheltering assistance during a disaster situation. Shelters should be your refuge of last resort if you have absolutely nowhere else to go. Residents of nursing homes, convalescent homes, retirement homes, assisted living facilities, or other group facilities, do not qualify for this program because under Florida State Statute 252 it is required these facilities have an Emergency Plan to evacuate their residents to a predetermined location outside the evacuation area.

This form must be completed in full, and signed, or it will be returned to you. Please print clearly.
